Welcome to First 5 California's new Web-based Reporting System!

This online service allows First 5 county commissions to submit Annual Report, School Readiness and Power of Preschool data via the internet. In addition to these new Web-based forms, we reformatted our Annual Report and School Readiness Guidelines, and created a new Power of Preschool Reporting Handbook. Together, these tools fully support First 5 county commission Annual Report, School Readiness and Power of Preschool data reporting requirements. We hope you find the forms and guidelines instructive and easy to use.

If you have any questions on Annual Report or School Readiness reporting, please contact the Institute for Social Research at (800) 311-4905 or isr-02@csus.edu.

All other questions (including those on Power of Preschool reporting) may be submitted in writing to evaluation@ccfc.ca.gov.
